eCHEMPAX
For the First Time Ever

A one-day seminar for eChempax users on May 12

Interaxions is an educational conference where users exchange ideas and learn new ways to significantly impact their businesses with Chempax. There is much more to Chempax than meets the eye. Join us for Interaxions to explore beyond the surface of Chempax. You'll also get reacquainted with peers in your industry, meet new faces, and spend valuable time with Datacor staff all while increasing your knowledge of Chempax and bringing greater success to your business.

Registration requires a username and password (lower case letters).

Your username is and your password is.

Menu options on the Interaxions website marked with a * also require the above username and password.

Please contact Conference Planner Lois Domfeld at 973-822-1551 or interaxions@datacor.com with questions.

presented by

Datacor, Inc.
25 Hanover Road, Building B, Suite 300
Florham Park, NJ 07932
